

Sporing av plastemballasje fra husholdninger - hva gikk hvor i 2016?

Petter Aaby Vebenstad
22. november 2017

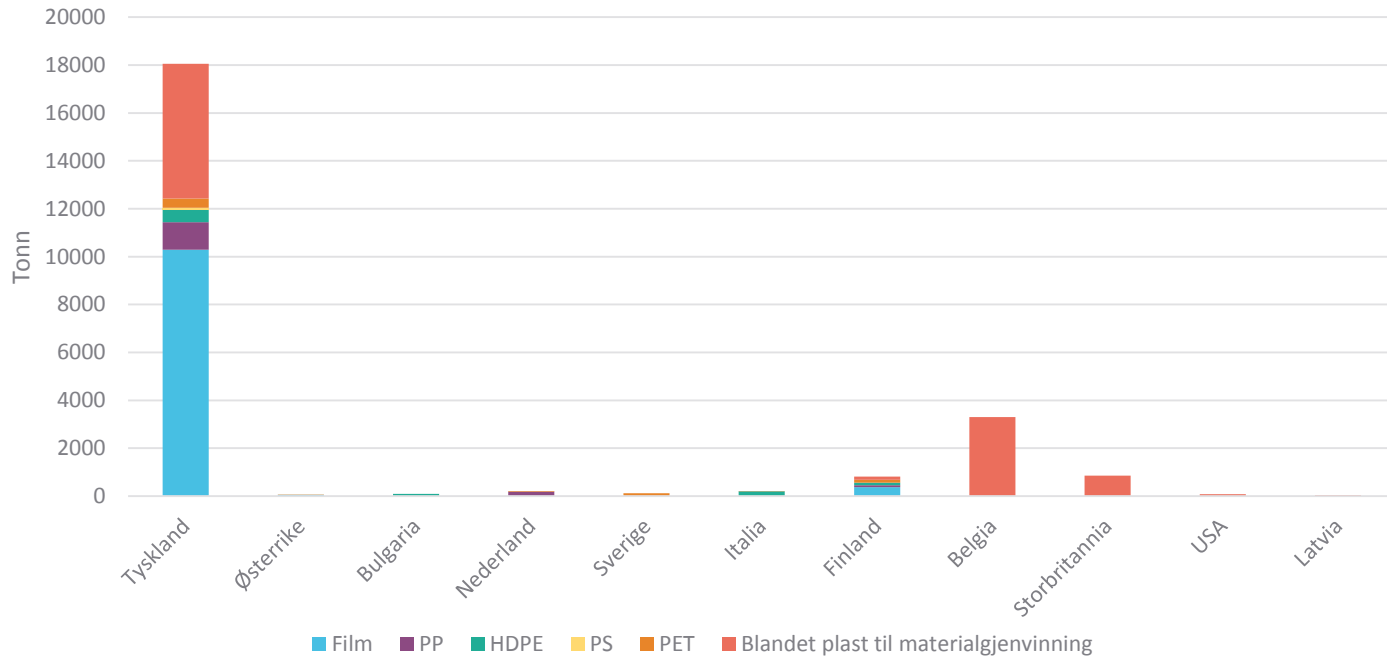

Oppfølging av sorteringsanlegg og materialgjenvinnere

Sorteringsanlegg rapporterer vareflyt

Jevnlige besøk og revisjoner for å
kvalitetssikre gjennomføringen av avtaler

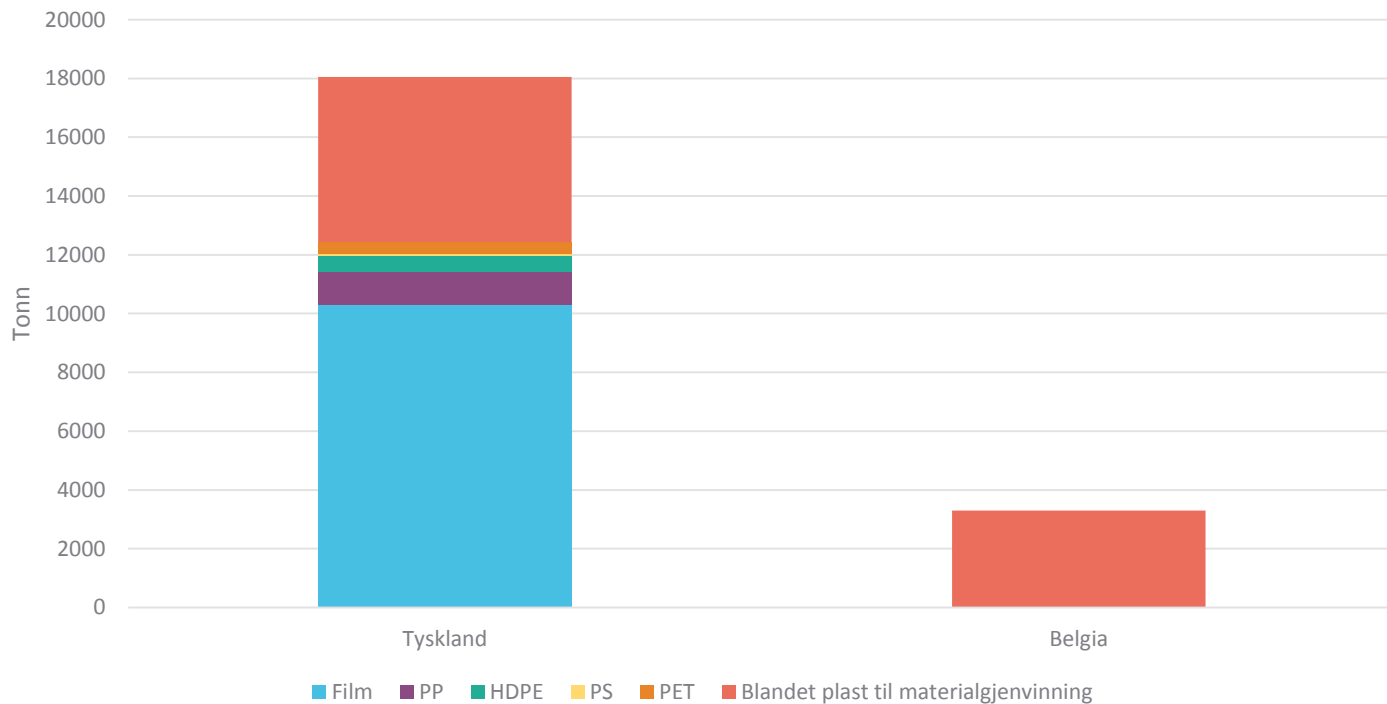

Ca. 78 % av innsamlet plastemballasje fra husholdninger ble materialgjenvunnet i 2016

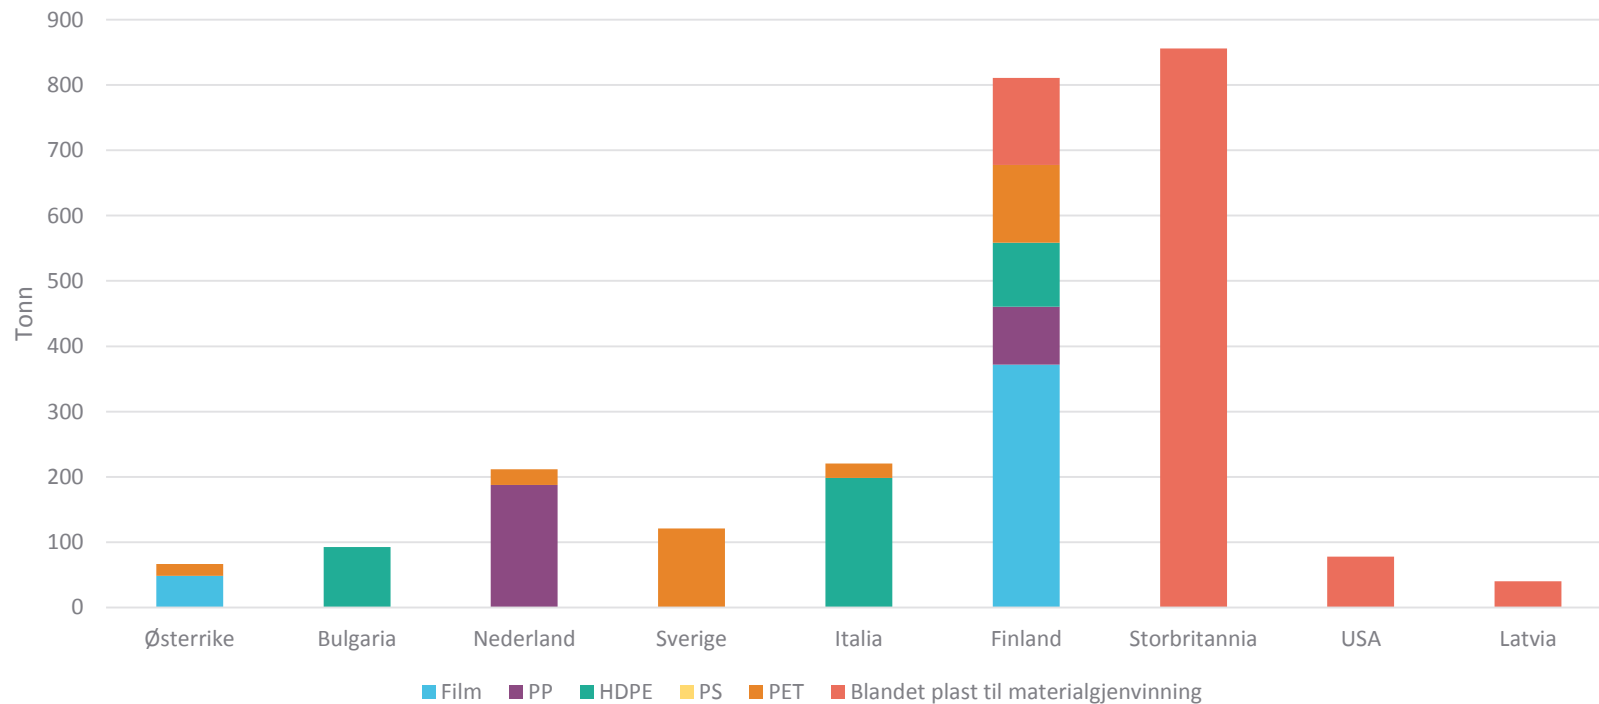

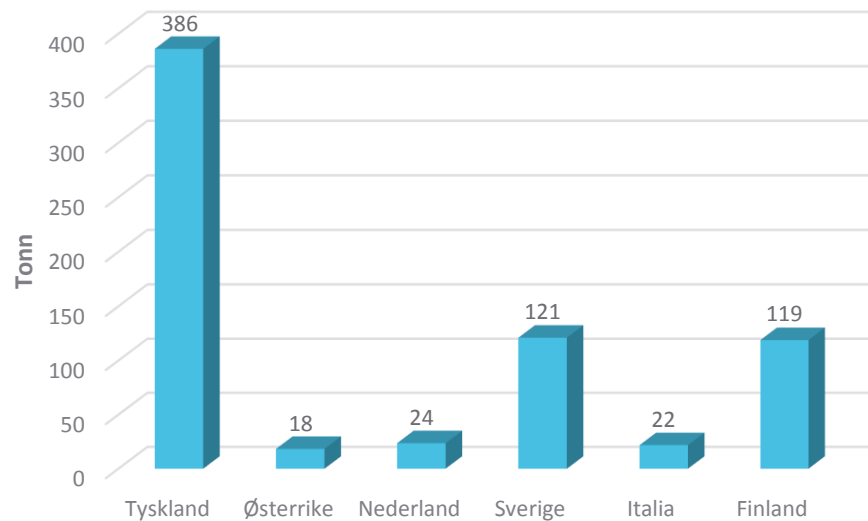

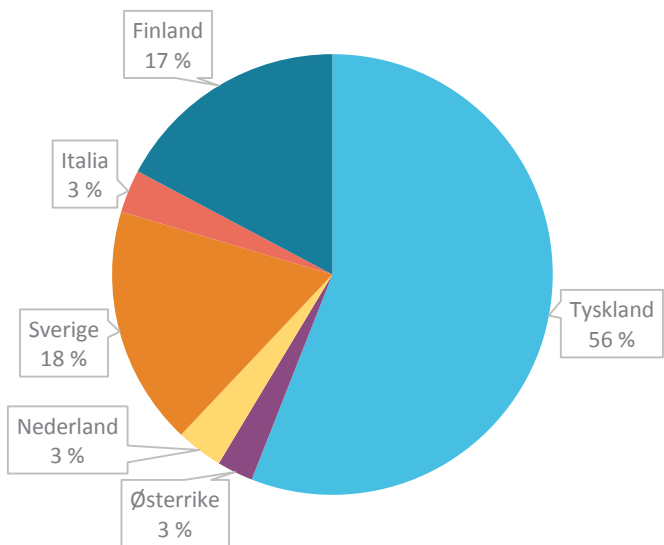

Totalt 23 847 tonn materialgjenvunnet av 30 639 tonn innsamlet (ekskl. ROAF)

De to største - Tyskland og Belgia

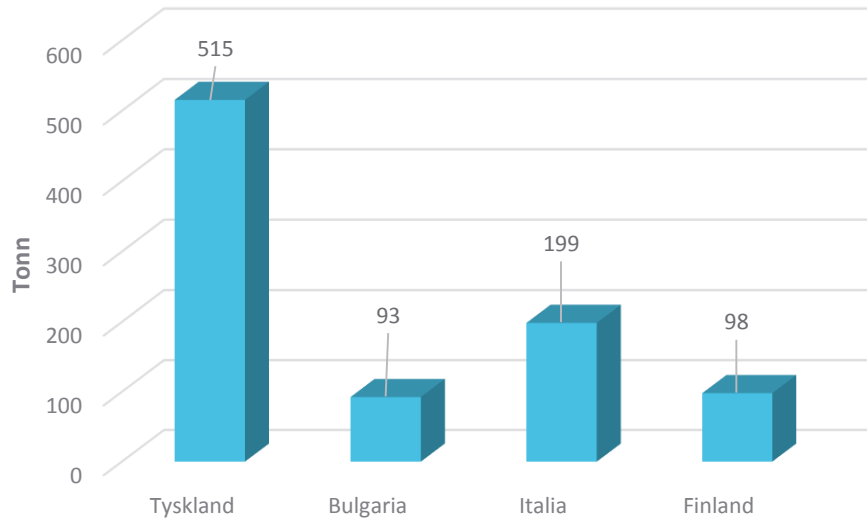

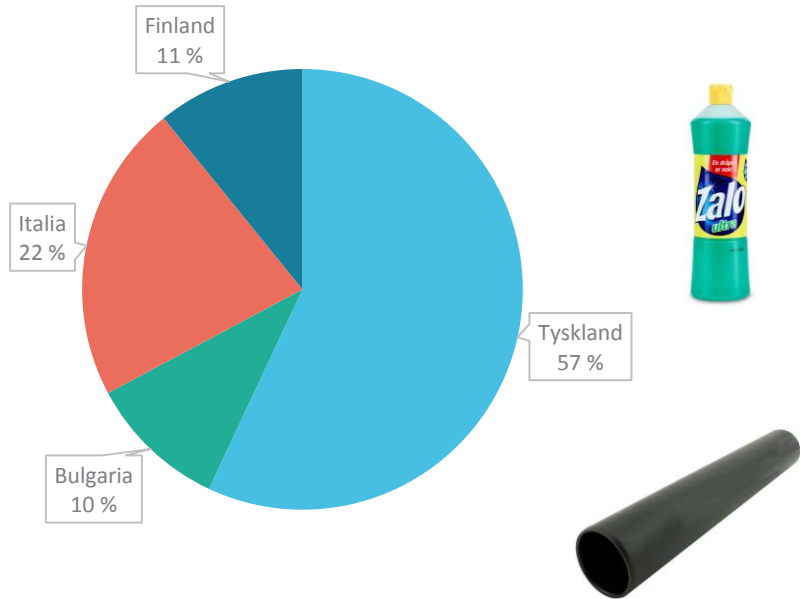

Alle utenom Tyskland og Belgia

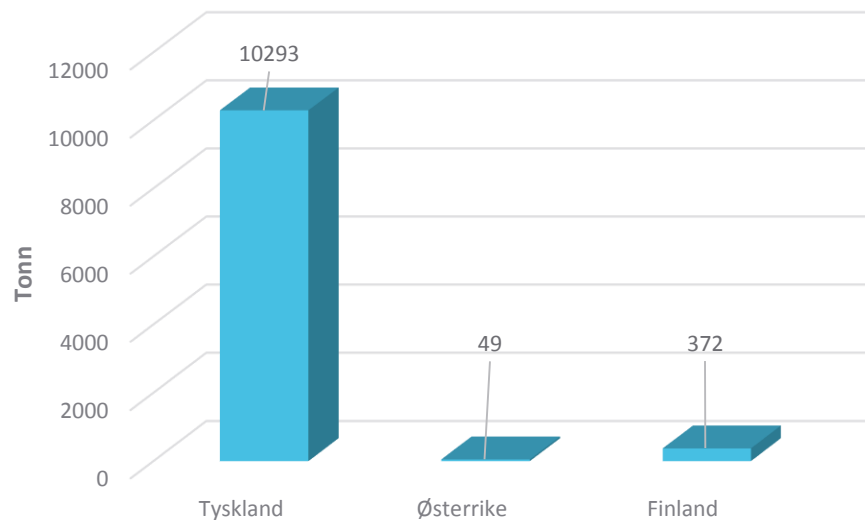

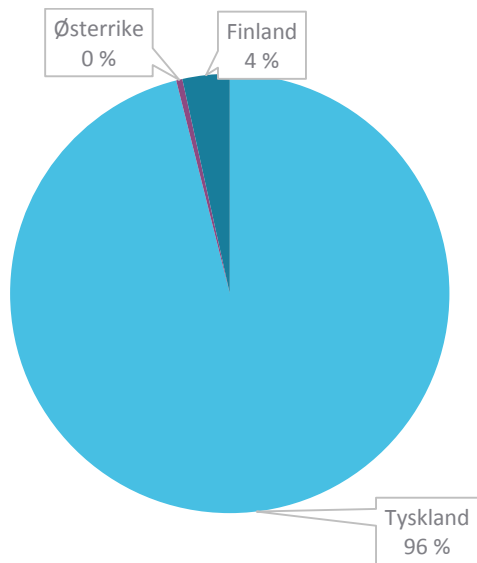

HDPE

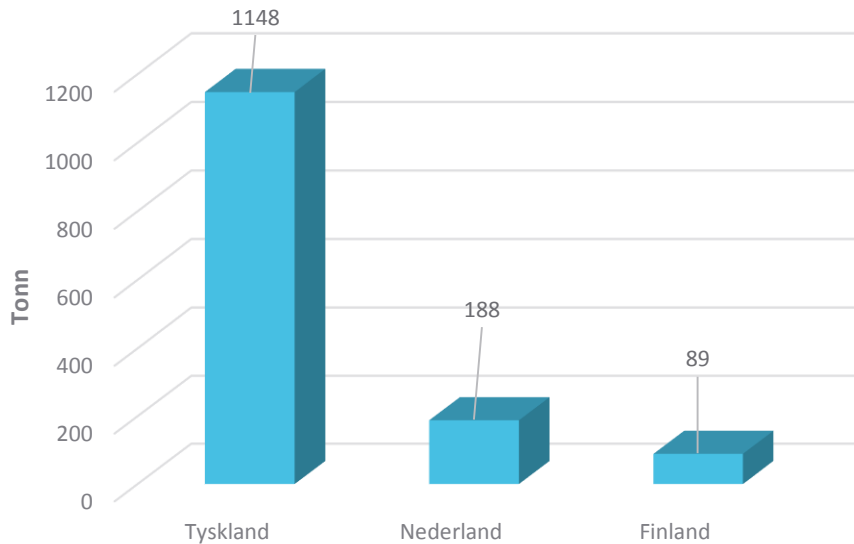

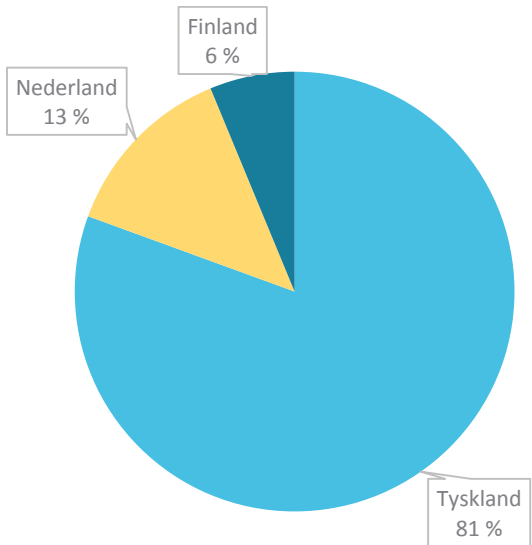

Folie / LDPE

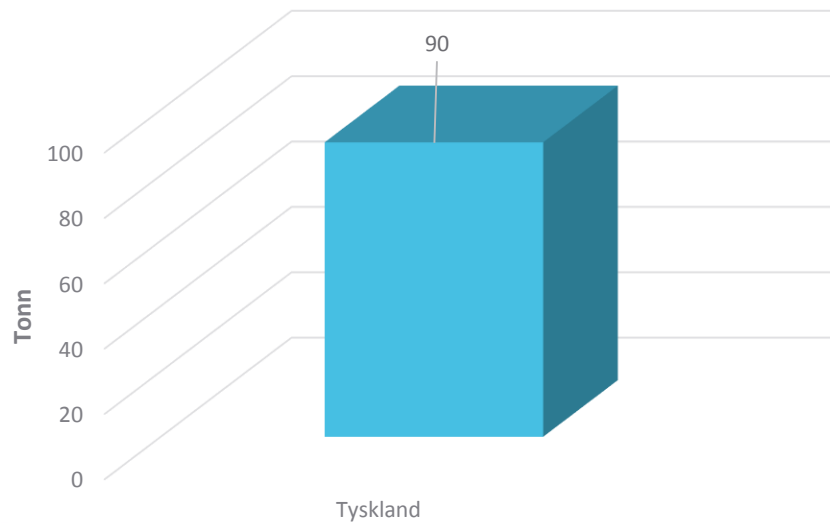

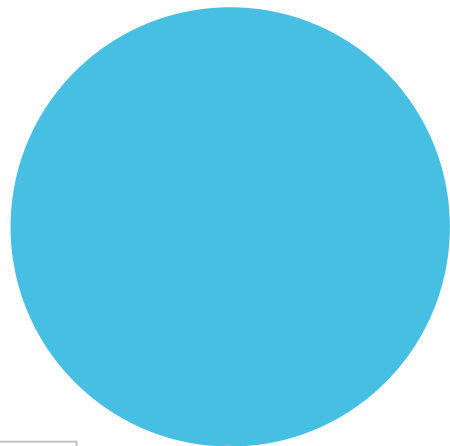

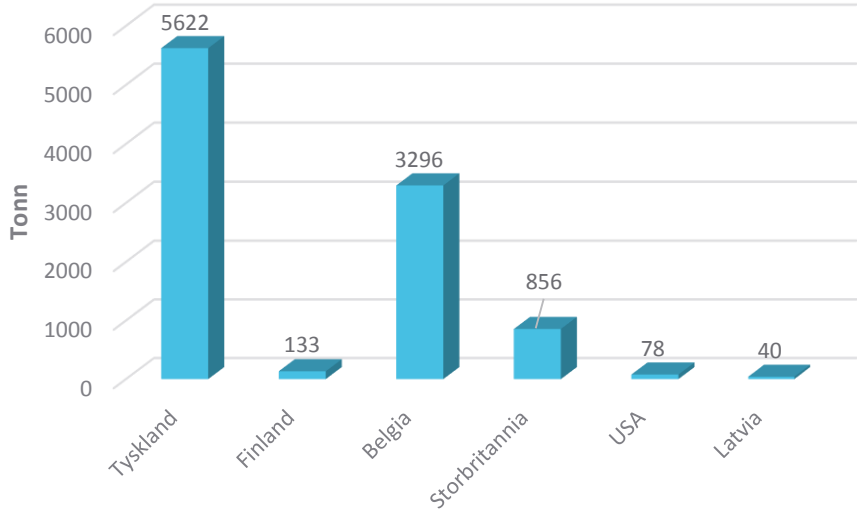

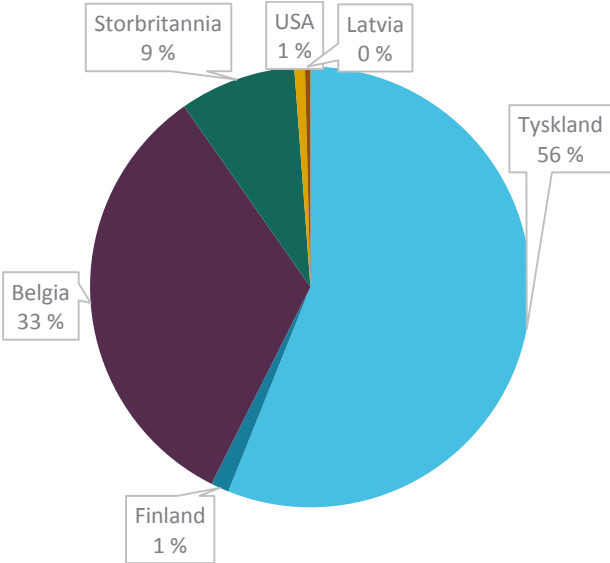

PP

Grønt Punkt Norge

Blandet plast (laminater, etc.)

Takk for oppmerksomheten!
